

## Stainless steel Mesh Fabric

**Cogne Stainless Reinforcement UK Ltd, services the Civil engineering sector of the UK and Ireland direct from its base in Sheffield.**

Cogne Stainless Reinforcement UK Limited are committed to servicing the UK market for the supply of stainless steel Rebar, Dowel bar, Mesh and associated stainless steel products for construction applications.

### Mesh

Stainless steel mesh is generally in accordance with BS4483; provided as standard in 4m x 2m panel. Other size panels and bespoke shapes are supplied to meet with your specification. Below are standard sizes supplied in 4m x 2 m panels.

### Quality

Much of the steel supplied by Cogne Stainless Reinforcement UK is from the Italian Mill Cogne Acciai Specialai S. R. L. which has recently been awarded certification by UK CARES for concrete reinforcement products affirming our continued commitment to quality.

### Stock

Cogne Stainless reinforcement UK Ltd. not only hold a full stock of stainless reinforcing bar, in grades 1.4301 and 1.4436 and but also offers a comprehensive cut and bend service. This enables rebar to be supplied at

mill prices and be delivered direct to your site.

Service is assured with access to over 2000 tonnes of stock in the UK as well as the production facilities of the Rolling Mill in Italy.

Other products available from Cogne Stainless reinforcement UK Limited are:

- Reinforcing bar to BS 6744
- Dowel bar to BS6744 and other intermediate sizes
- 1.2 mm Grade 1.4301 Tying wire
- Reinforcing accessories
